Everyone deserves to receive **quality healthcare.**

Through its 360° Verification Process, Aerobodies supports AmeriHealth in the validation of its vast network ensuring AmeriHealth patients can receive the quality healthcare they deserve and trust.

INTRODUCTION

"The level of service and impact Aerobodies has provided to AmeriHealth has been absolutely invaluable for our account executive team, particularly during the pandemic. Being able to keep our provider records updated and maintain our credentialing has been fantastic! We truly appreciate the Aerobodies team and their support of AmeriHealth Caritas."

–Account Executive, AmeriHealth

Impact Report

A Message From AmeriHealth

"Aerobodies has proven to be a trusted and able partner over the years, and they continue to provide high quality services in alignment with our corporate goals. Their focused support and collaborative approach to problem-solving enhances the value they bring to our organization on a daily basis."

—Pete Stoessel,
Director of Contract Performance

The Covid-19 Pandemic Presented Unique Challenges

- ★ Inaccessibility and non-communication of Provider staff
- ★ Severe reduction of AmeriHealth expert personnel
- ★ Increased stress and anxiety for medical and healthcare community

Non-Compliant Providers

MESSAGE FROM AEROBODIES CEO

Aerobodies has been able to reduce stress, anxiety, and workload for AmeriHealth Account Managers through easily accessible data analysis. By providing quick and efficient updates of provider network compliance and surge emergency support services, especially during and post pandemic, Aerobodies report management on data analysis and analytics remains consistent, timely and accurate.

In a three-year period, Aerobodies assisted AmeriHealth Caritas to uncover over 1,000 non-compliant providers within the AmeriHealth network. Identifying these providers further aides AmeriHealth in providing accurate and reliable data for its members, particularly in critical times of public health emergencies such as the recent Covid-19 pandemic.

AmeriHealth's dedication and commitment to the community is exceptional. It is an honor to partner with their leadership team, support their vision and serve the Washington community.

ALIGNED RESOURCES

Aerobodies has provided executive briefings that aid AmeriHealth in uncovering blind spots within their network of providers that are not easily recognizable and could severely affect the success and accuracy of business operations.

01

Executive Briefings

Aerobodies has provided executive briefings that aid AmeriHealth in uncovering blind spots within their network of providers that are not easily recognizable and could severely affect the success and accuracy of business operations.

02

Training & Development

Aerobodies is happy to provide additional training on data encryption, processing networks, and how to be proactive in uncovering blind spots to support AmeriHealth's internal customer team, account executives, and IT team both in and outside of this project scope.

03

Operational Efficiency

The cost benefit of Aerobodies solutions as opposed to outsourcing reduces operating expenses and increases productivity and revenue for AmeriHealth. Additionally, Aerobodies helps clients improve and achieve their business performance indicators that have a profound impact internally within the corporation, externally with AmeriHealth's clients, economically within the DMV region, and socially with local small businesses.

04

Employee Engagement & Wellbeing

BLAZE by Aerobodies is an all-access completely customizable virtual platform that provides an industry-leading turnkey solution encompassing fitness, nutrition, mental health, stress management, and leadership & cultural development proven to strengthen employee engagement and organizational wellbeing.

CONCLUSION

"If we are intentional about working with local businesses, we keep DC dollars in DC. We also help those businesses expand; and when they expand, they train and hire more DC residents. And when they train and hire more DC residents, those residents can support their families and reinvest that money back into the District. All of that adds up to a fair shot for more DC residents, and that's our real goal."

–Mayor Bowser

**At Aerobodies, we create a lifeline to your bottom line.
